

To Whom It May Concern:

Planning is continuing for the Second Annual Wakulla County “Wings & Wheels” Fly-In and Festival at the Wakulla County Airport. A date has been set for Saturday, September 17, 2016.

Presented by Friends of the Airport and Wakulla Wings & Wheels LLC, our purpose is to promote aviation education, employment opportunities, and safety, and to create awareness in the community-at-large about the Wakulla County airport.

As established with our first event, entrance to the 2016 event will be free to our community. As shown by the tremendous response in 2015, (with an estimated attendance of over 3,000) we expect to offer a fun day to participants of all ages in our local area and beyond. Limited free airplane rides will be given. In addition to static displays of aircraft, and antique and classic cars and motorcycles from the surrounding area, local musical talent will be featured throughout the day. Local food and craft vendors will have items available for display and purchase. Fish & Wildlife representatives will be invited to participate, providing education and information. The Civil Air Patrol has been invited to participate. Special things are being planned for the kids, too, including face painting and a paper airplane flying contest!

A little recognized contribution of our local airport is with regard to emergency evacuation and emergency medical transportation. We hope to again have a Life Flight helicopter and an ambulance on hand to highlight the life-saving capability of our airport. In 2015, the Red Cross was represented, handing out free smoke alarms to attendees.

An anticipated side benefit of drawing people to Wakulla County for this event is that we know that once people visit, they will return to enjoy the many fine restaurants and the beauty of the area.

With momentum growing, the 2016 event promises to be even bigger and better than our first event! Though the Fly-In and Festival is not a fund-raiser, an event of this type does not happen without expense. Please consider making a contribution in support of the 2<sup>nd</sup> Annual Wakulla County “Wings & Wheels” Fly-In and Festival. As a sponsor, your company’s name will be listed on a prominent sign at the event. Additionally, Sponsor’s names will be announced periodically during the event.

Thank you for your consideration

Any and all contributions will be appreciated!

Suggested levels of Giving:

BRONZE LEVEL "Cadet" \$0-\$100 \_\_\_\_\_

SILVER LEVEL "Copilot" \$250 \_\_\_\_\_
